

COVID-19: WE ARE PREPARED

JABULANI's unique design provides a well-spaced and private lodge that is easily adaptable to implementing Covid-19 preventative measures. Our caring and passionate team are fully trained in COVID-19 protocols and will ensure each guest's health and safety is paramount throughout their stay. With the guidance of leading local and international health authorities, our procedures and protocols will be of the highest standard and continually updated to ensure our guests and staff's peace of mind at all times.

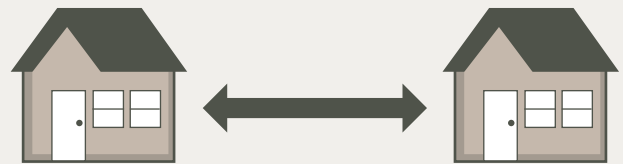

We have created a brief visual summary of a few of the precautionary measures we have implemented to ensure each guest's wellbeing with the least possible impact on their Safe and Soulful Safari Experience at Jabulani.

GUEST EXPERIENCE

- Contactless Check-in.
- Luggage sanitised upon arrival.
- Daily temperature screenings (including upon arrival) and logged.
- Optional Porterage - a dedicated ranger to handle luggage at guests' request only.
- Hands-free sanitising stations in all areas.
- Social distancing throughout all areas and activities.
- Guests are requested to wear masks when in public areas or in staff company.
- Management will be on site at all times.

ACCOMMODATION

- Well-spaced and private accommodation.
- Six Suites and one Villa only.
- Daily Deep-Cleaning of suites.
- Check in Time moved to 14:00 to ensure excellence in room sanitisation.
- Strict check-out time of 11:00.
- No late-checkouts permitted.

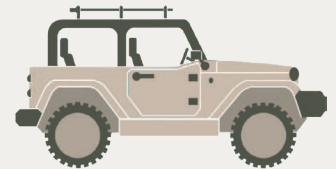

DINING

- Private Dining experiences.
- Individual Plating under strict hygiene standards.
- Door to Door In-room Dining, no staff will enter a guest's suite.

GAME DRIVES

- Safari Vehicles sanitised after each transfer and safari activity.
- Maximum 4 - 6 guests per vehicle.
- Sanitising Kits provided.
- No shared binoculars will be provided.
- Individually wrapped snacks for guests.

TEAM MONITORING

- Daily screening of all team members.
- Covid-19 officers assigned to each department.
- Team movement kept to a minimum.
- All team members to wear face wear (masks) at all times.
- Social distancing where possible.

ON-SITE TESTING & MEDICAL RESPONSE

- Covid-19 Tests performed at the lodge. Results within 24 hours
- 24Hr On-call medical assistance provided by our emergency medical response team, Africa SAFE-T.
- Healthcare facilities are easily accessible from Kapama Private Game Reserve.

We invite our welcomed guests to participate in our Covid-19 preventative measures to ensure both their protection as well as our team on the ground's protection too.
